Prior to this meeting, at approximately 3:30 p.m. the present members of the Water and Sewer Committee (Neitch and Clark) met with Ms. Mary Walters of the Water and Sewer Department to discuss a delinquent check in a significant amount. Ms. Walters explained that after talking to the Commonwealth Attorney, the customer who wrote the check can be prosecuted. Ms. Walters asked for confirmation to proceed in this direction, which the committee members agreed it was the best direction to take in this situation.

This committee meeting was utilized as joint meeting with the Board of Supervisors as a work session to cover the proposed rates changes. This was also a continued meeting of the Board of Supervisors.

There was no one present to speak for citizens time.

---

Sheryl Stephens of Draper Aden explained their study of proposed rate changes. She discussed this proposal and answered general questions from the Board and staff. Draper Aden has met with staff to review and study current rates. That presentation is attached. It includes changes and suggestions made by the committee from their review with Mr. Simpson at the April committee meeting. Since these changes have now been presented to the full Board, the committee will study them closer to make a recommendation to the Board.

The meeting was recessed at approximately 5:05 p.m. until 7:00 p.m. for a joint public hearing with the Planning Commission.
