At the last committee meeting, Mr. Carter distributed the revised Water and Sewer policy for review. These changes include those recently discussed in regards to Ms. Amanda Hamm's situation with the land owner not signing for water.

The committee agreed to again continue the revised changes to allow time for review.

Mr. Simpson briefly updated on projects.

North Holston Water is complete. He is awaiting VHD approval of recent bids received for extra water meters, to proceed with purchase and installation

Pioneer/Shale Bank/Fox Valley has been approved for bidding. The Fox Valley project has been approved for stimulus funds. He is awaiting final word on those funds before progressing.

Long Hollow water is progressing well.

There was brief discussion on how the economy has affected projects and their costs.

This meeting was closed at approximately 4:35 p.m.
